o clerks appointed to hold the election in this ward, only one judge and clerk attended at the veting place This regularity, the commissioners decided, made the election in the ward invalid, and the vote was thrown out. This action does not affect the mayoralty election, but it does affect the ward candidates for the Board of Aldermen, W. G. Andrews, and for the Council, W. T. Slaughter and J. E. Young, who though they received the full vote cast, failed of election, because of the irregularity which caused the vote to be thrown out. Being the choice of the people, however, they will be elected to seats in the bodies for which they were candidates, by the respective bodies themselves. So nothing will be lost by the irregularity. It may be that writs may be issued against the judges who failed to hold the election, to show cause why they should not be punished for foliure to discharge their duty.

A Local Society Woman's Method

Inaugurates Novel Means for Giving Assistance to the Sick Poor of the City

Interesting indeed are many of the statements made in connection with the introduction of the remarkable new tonic, "Tona Vita," in this city.

Among such statements is the following interesting account of a prominent society woman, whose name is temporarily withheld from publication by request.

Upon ordering medicine over the telephone it was delivered to her by one of the specialists who was sent here to introduce "Tona Vita."

"You see," she said, "I had been suffering from a complication of stomach trouble and nervousness. I have been to the seashore and abroad, and have been treated by several noted specialists on stomach trouble and nervous diseases. I was only relieved temporarily, but since taking four bottles of Tona Vita.' I feel so good that every day seems like a holiday to me.

afford to buy medicine," said this spe-cialist.

Many people seem to be amazed at the remarkable records which are made by the new remedy. Many cases of nervous ness, stomach trouble and general break down of from ten to fifteen years' stand-ing are reported to have been relieved in-very short time. The satisfaction that it has given is truly gratifying in nearly every case.

Since the introduction "Tona Vita appears to have been a much sought for article, and it is due to the wide-awak business methods displayed by the Poll Miller Drug Company that the remedican be found on sale in this city.

"We are greeting many callers," said the specialists, "who complain of ner yousness, stomach and bowel trouble headaches, backache, constipation, colfect, imperfect digestion, spots before the eyes, timidity, listlessness, steeplessness and depression of spirits, all of which are certain indications that they are suffering with debility.

"Many Richmond people who feel wor out, half sick and depressed all the time but who do not know what is really the matter with them, are unquestionable."

but who do not know what is really the matter with them, are unquestionably victims of this malledy, nervous debility. It is an all too common complaint in the large cities, and it is therefore likely to be found existing in any family here.

From 9 A. M. to 8 P. M. the specialist are meeting the public at the Polk Mille Drug Company, No. 834 East Mail Street. Increasing interest marks each succeeding day of the introductory sall of this remarkable new tonic. Many visitors from outlying districts come each day expressly for the purpose of procuring the tonic.
